

## EMS (ISO 14001) Lead Auditor – EM791

### Course Outline

updated as on 9 Sept 2019

---

<b>Aim:</b>	To provide auditors with the necessary knowledge and skills to competently conduct third party assessments for Environmental Management Systems.
<b>Options:</b>	This course covers 3 modules AU, EM, and TL (Exemplar Global TPECS). Recognition of prior learning will be awarded for Modules AU and TL if they have been completed within three years from course date.
<b>Pre-requisites</b>	Nil
<b>Length:</b>	5 days (40 hours) or 2.5 days (20 hours) if Modules AU and TL have been completed previously.
<b>Course Fee:</b>	SGD 1,500
<b>Course Date:</b>	To be confirmed
<b>Venue :</b>	To be confirmed
<b>SDU Point: (SISO)</b>	40
<b>Certification:</b>	Exemplar Global TPECS Certified Training Provider (EM791).
<b>Scope:</b>	This Course will be conducted in module format such that the first two days provide an introduction to auditing management systems and focuses on the skills required for auditing (Module AU). The third and fourth days focus on ISO 14001 and EMS specific issues, particularly relevant to external auditing (Module EM). The fifth day is focussed on lead auditor specific requirements and the certification process (Module TL).
<b>Who shall Attend:</b>	Certification auditors, Internal auditor, QEHS manager / Executive, QEHS Engineer, Supplier Quality Engineer, Environmental Engineer etc.
<b>How will I benefit:</b>	<ul style="list-style-type: none"><li>• Identify the aims and benefits of ISO 14001 audit</li><li>• Interpret ISO 14001 requirements for audit application</li><li>• Plan, conduct and follow up auditing activities that add value</li></ul>

---

**Days 1 & 2:**
